

Coaching Resume

In order to make informed decisions concerning membership status, the Membership Committee requests that applicants submit a resume of their coaching activities along with their application. The resume allows the applicant to expand on any information listed on the application or to include any details that the applicant may feel is pertinent to their application.

Note: Coaches of Canada has a grandfather clause for its Chartered Professional Coach (ChPC) category that expires in 2012. The grandfather clause was established to allow coaches that do not meet the primary criteria for Charter Member, but possess a wealth of coaching experience and embody the ideal of a “professional coach” to obtain Charter membership. The resume allows applicants to provide information pertaining to their professional coaching experience that may be considered in lieu of the post-secondary education requirements for Charter membership. It is strongly suggested that coaches in this situation outline their coaching experience in detail on their resume.
